

Before completing the below questionnaire, I encourage you to visit the [Huron Rose Counselling](#) website to learn more about the practice, my approach to counselling, the clients I work with, and the values that inform the practice. Also, please note I am registered as a [partial site](#), with Yorkville University, currently.

Please take some time to consider whether Huron Rose Counselling aligns with your interests, learning goals, and the kind of practicum experience you are seeking. If it feels like a potential fit, this short questionnaire will help me learn more about you, your clinical interests, and your practicum requirements before we arrange an interview.

There is no expectation that you will already have a particular therapeutic approach or area of expertise. I am interested in understanding how you think, what you are curious about, and what you hope to develop through your practicum experience.

Practicum Student Questionnaire

1. What are you hoping to learn or develop through your practicum experience?

Please share a few sentences.

2. What interests you about completing your practicum at Huron Rose Counselling?

Please share a few sentences.

3. What client populations, presenting concerns, or areas of counselling are you particularly interested in?

Please share a few sentences.

Approach & Perspective

4. Huron Rose Counselling is collaborative, strengths-based, trauma-informed, neuro-affirming, and non-pathologizing. What do these approaches mean to you, and how do they fit with your developing practice?

5. Consider this scenario:

A client describes themselves as having ADHD and says that previous therapists often focused on what they needed to “fix” about themselves. How might you approach working with this client?

6. Tell me about a time when you received feedback that challenged your thinking or approach. How did you respond?

Practical Considerations

7. What do you need from a practicum site to feel supported and learn effectively?

8. Please provide your anticipated practicum dates, required hours (including direct client hours), and your general availability. Are there any university or program requirements that would be important for me to know?

9. Is there anything else you would like me to know about you or what you are looking for in a practicum experience?

Please submit your responses to: amy@huronrosecounselling.com
